His docket ~~letter~~ No. 505 dy 30th Dec
1899 requesting sanction to
the entertainment of a watch-
man
for each of the tanks of
Annemahalli and Madehalli

With reference to the above,
has the honor to enquire
whether the water supply works
of the Kolar town were
completed and made over
to the municipality and
whether the Board have
accepted the charge and
if so to report the date
on which they were taken
over

the Municipality now ask Government to Kindly extend the period of repayment from 11 to 20 years in accordance with Government Order No. 11544-50 / 27 262-96 dated 14.4.99 and in consideration of the heavy expenses which the Municipality have had to incur with regard to Plague measures, and Sanitary improvements

4 It will be noted from the above that the supply tanks are now complete, and that arrangements will have to be made to convey the stored water to the Town. For this purpose the Sanitary Engineer has drawn up several projects.-

(1). For conveying the water in pipes the whole way from the Storage tank to the town at a cost of Rs 26,000/-

(2). For the construction of filter beds and a pure water tank, with distribution pipes at a cost of Rs 20,000/- and odd.

(3) For the cutting of an open channel from Ammerahally tank to the town, and laying pipes along the Doddepetta road, with 5 fountains, at a cost of Rs 14,000/- and odd.

5. At a meeting of the Municipal Board at Kolar this morning it was unanimously agreed that Government should be asked

with Commissioner

Copies of Sanitary Engineer's Nos 1436/563, 1993/775 & 1976/234 of 11.4.1900, 25.8.1900, and 12.5.99 respectively are submitted herewith for ready reference.

Office of the President of the
Municipal Boards, Kolar District
Dated, Kolar, 7th September 1900.

To.

The Secretary to the
Government of Mysore
Rev & Gen. Departments.

Sir:-.

(Sl 44) With reference to your docket No. 8983/L.7104-96 dated the 3rd February 1900, and in continuation of this office No. 603 dated 8th February 1900, I have the honor to state that the water supply scheme of the Kolar Town has now reached the following phase.-

The two water supply tanks of Ammerhally and Maderahally have been completed at a total cost of Rs. 45,214/-, including compensation paid for converting the lands under them from wet to dry.

2. Government in their order No. 675-3985 P.W. dated 19th July 1898 have agreed to the above amount being advanced to the Municipality, half being regarded as a loan, bearing interest at 4 per cent, and repayable in 11 years.

3. With regard to this latter engagement the

the Municipality now ask Government to
Kindly extend the period of repayment for
11 to 20 years in accordance with Govern ment
Order No 11544-50/17 262-96 dated 14 4 99 and in con-
-sideration of the heavy expenses which the
Municipality have had to incur with regard
to Plague measures, and Sanitary expres . b
4 It will be noted from the above that th
Supply tanks are now complete, and that
arrangements will have to be made to convey
the stored water to the Town For this purpose
the Sanitary Engineer has drawn up several
projects -
(1) For conveying the water in pipes the
whole way from the Storage tank to the town
at a cost of Rs 26,000/-
(2) For the construction of filter beds and
a pure water tank, with distribution pipes at a
cost of Rs 20,000/- and odd
(3) For the cutting of an open channel
from Ammenahally tank to the town, and
laying pipes along the Bowdepetta road,
with 5 fountains, at a cost of Rs 14,000/ and odd
5. At a meeting of the Municipal
Board at Kolar this morning it was unanimously
agreed that Government should be

* Copies of Sanitary Engineer's No 1438/563, 1993/775 & 1976/232 of 11.4.1900, 25.8.1900, and 12.5.99 respectively are submitted herewith for reading reference.

kindly sanction the last of these projects, and to kindly advance a further loan of Rs 14,000/- to the Municipality on the same terms as the orginal loan. I would most strongly support this recommendation. Government have already come forward most generously in this matter, in granting the orginal loan of Rs 45,000/- but without the extra expenditure now proposed, the town will be in no way benefitted.

6 Should however Government not feel disposed at present, to make this further advance, towards the water supply scheme of the town, I would request that sanction be granted, to the cutting of an open channel, from the supply tanks to the town; so that the town may immediately reap the benefits of the water stored in the two above men-tioned tanks. In this connection I would quote an extract from the Dewan's Order dated 25 11 99 which runs as follows:-

Kolar water Supply

" The storage is completed I believe; the distribution by means of pipes can wait some little time especially as it is desirable see how the supply holds out before attempting

attempting any elaborate distribution. But such works should be done at once as may be necessary to bring the water to some convenient place or places, in or about the town, whence it can be taken by the people for domestic use. This should be settled in communication with the Deputy-Commissioner." (Vide letter No 5037/1956 x/29 & 9 November 99 from the Sanitary Engineer to the Deputy Comm^r.)

7 With regard to the above order, and my suggestions, I would point out that although I am perfectly well aware of the many disadvantages attendant on an open channel, as a source of water supply, I think these may be greatly obviated by keeping watchmen over the channel, and by turning the water so brought to the town, into the various drinking water Hondas that already exist. These Hondas will more or less perform the duties of filtering and settling beds.

8. For the above reasons I would ask Government to kindly at once sanction a small loan of Rs 5,000/-, to meet the expense of cutting an open channel from the city to ↑ for distribution of water to the various drinking Hondas of the town.

This would bring the total loan to Rs 50,000/-
for the half of which viz Rs 25,000/- a revised
agreement from me, as President, will be
forwarded to Government, if necessary.

I have the honor to be

CENTRAL OFFICE,

No. 4674 Bangalore, 27th September 1896

From

The ~~Chief Engineer~~ of Mysore,

To

The Secretary to the Govt. of Mysore,
General & Revenue Departments.

Sir,

With reference to your endorsement No: 4186 / L.P.104-96 dt. 17. instant, transferring for disposal or opinion, letter No: 171 of 7. idem, from the President of Municipal Boards, Kolar district, I have the honor to inform you that a project for the delivery and distribution scheme of Kolar town Water-Supply (prepared in accordance with the Demand instructions), has been received in this office, and there is an allotment of Rs 10,000 for the work in the sanctioned Sanitary works Budget for the current official year. But sanction to above project, which amounts to Rs 13,674, is deferred pending receipt of the usual agreement from the Municipality for repayment of moiety of cost, under Government Proceedings (P.W.) No: 3916-36 / 749-69 dated 1st. August 1894

2. As the distribution works now proposed, viz forms part of the project for improving the storage reservoirs, which have already been carried out as a Grant-in-aid work, Govt: order No: 910 / L.P.282-96 dt. 21st July 1896, stating that no loans to Municipalities will

will be granted for some time to come, does not apply to this case. The loan asked for by the President may therefore be sanctioned, but the amount of loan required is Rs 6,837, which is moiety of the estimate of Rs 13,674 referred to above, and not Rs 5,000 as stated by the President.

3. The total cost of the Water Supply project, including the sum of Rs 45,214, already sanctioned for the storage reservoirs, will be Rs 58,888, and the Municipality may be asked to execute a revised agreement for the repayment of the moiety of this amount, viz Rs 29,444, in lieu of those originally executed by them.

4. I see no objection to the President's proposal to repay the whole loan in 20 years under Govt: Proceedings No: 1541-50 dated 14th April/99, L.A. 262.96 instead of in 11 years, as previously agreed upon.

5. The endorsement under reply is returned

Boards, dated the 14th Oct
1900.

The President of the
Local Fund & Municipal
Boards.

To

The Secretary to the
Government of Mysore
Rev & Genl Depts.

Sir,

In Continuation of my letter
No. 171 dated the 7th September 1900
regarding the extension of time for
the repayment of loans from 10 to 20
years &c, I have the honor to request
you to be kind enough to sanction
the same at an early date as the
Superintending Engineer of the Sanitary
Department states in his docket
No. 2339/943

№ 2339/943 dated the 27th ultimo that the orders of Government on my above reference will be awaited and the project cannot be submitted to Government by the Chief Engineer without the necessary agreement

2. I am unable to see how this can in any way interfere with the work of the Sanitary Engineer, the agreement being a matter to be decided between the Municipality and the Government, but the fact remains that no work has been Commenced and the Sanitary Engineer gives this as the reason.

I have the honor to be
Sir,
your Most obedient Servant

President.

To

The Secretary to the Government of Mysore Revenue and General Departments.

Sir,

Adverting to your docket No. 7371/2.737-99 dated the 26th November 1900 stating that the Municipality of the Bangalore City has been recently authorized to levy water tax at 3 per cent on the rental value, and with reference to the Chief Engineer's letter No. 972/5458 dated the 12th November 1900 informing me that the officiating Dewan wishes to know, before the Kolar town water distribution work is started, if the Board is prepared to impose a small water tax towards the maintainance of the work, I have the honor to state that a meeting

meeting of the members of the Kalar Municipality which was convened on the 30th of last month at which the subject was carefully discussed and the Board came to the conclusion that in lieu of imposing a new water tax, it would be preferable to revise the house tax of the Kalar Town, which has not been done for many years. This revision will no doubt result in a larger increase of revenue than would accrue from the imposition of a new water tax.

2. A copy of resolution No 7, passed by the Board on the subject is herewith submitted for further reference.

I have the honor to be
Sir
Your most obedt

Proceedings of a meeting of the Municipal Board, Kolar town, held on Friday the 30th November 1900.

× × × × × × × × × × × × × × × × × × × ×

VII Read:—

(a) Public Works Secretary's letter No. 972 - 5458 dated the 12th November 1900, requesting the President to ascertain whether the Municipal Board of Kolar is prepared to impose a small water tax towards the maintenance of the proposed water works of the Kolar town and also,

(b) General & Revenue-Secretary's docket No. 7371 & 7357-99 dated the 26th November 1900, informing the President that the Municipality of the Bangalore city has been recently authorized to levy a water tax at 3¼ cent on the rental value, as a tentative measure in proceedings of No. 5708-10 & 7.37-99 dated the 26th October 1900.

(7) After carefully going into the pros & cons of the question, the Board resolved to address Government that considering the income of Kolar town has not been

many years, and shows itself, as compared with other Municipalities of the Province, to be much below the average, the amount to be repaid yearly to Government towards the Municipal Loan, plus interest, should be met rather by remission of house tax, than by the imposition of a new water tax.

To

The Secretary to the Government of
Mysore Public Works department.

Sir,

With reference to your letter No. 972/5458
dated the 12th November 1900, informing me that
before starting the Kolar town water distribution
W.W.K, the officiating Dewan wishes to ascertain if
the Board is prepared to impose a small water tax
towards the maintenance of the work, I have the
honor to state that a meeting of the Kolar Municipal
Board was held on the 30th of November 1900 and
after carefully discussing the subject the Board
resolved that a revision of house tax would
be preferable to the imposition of a new water
tax and would bring in a better return, Vide
Copy of resolution No. 7 here to attached.

2. I may mention that the house tax of the
Kolar town has not been revised for many years.
and that a careful re-assessment will --

will probably result in a very appreciable increase of revenue.

Proceedings of the Government of Mysore.

Read:-

(1) Sanitary Supdg. Engineer's No. 1849/383 dated 12th August 1900, submitting an Estimate amounting to Rs 13,674 for distribution of water supply to the Kolar Town -

(2) Public Works Secretary's note dated 8th November 1900, submitting the above project to the Dewan for sanction, pending settlement of question as regards terms of loan to the Municipality, the matter being urgent as represented by the Deputy Commissioner.

(3). Letter No. 423/27 & M dated 3rd December 1900, from the President of the Municipal Boards, Kolar District, reporting that the Board in their meeting of the 30th ultimo, resolved that a revision of house tax would be preferable to the imposition of a new water tax & that a careful re-assessment will probably result in a very appreciable increase of revenue for the maintenance of the water works.

No. 1047-51/6042-46 of Bangalore 12th December

Order thereon:- The Government observe that whether the additional sum required to repay the loan and interest is raised by water tax, or revision of house assessment, is immaterial The Bd

should - in early steps to raise the addi-
-tional sum required, and obtain the
orders of Govt in the General Depart-
-ment as to repayment of loan and
interest. Meanwhile, the project referred
to above is sanctioned for Rs 13,674, and
the Sanitary Supdg Engineer will be asked
to have the work carried out, as expedi-
-tiously as possible —

By order,
